PROBLEM

SOLUTION

0951 is the innovative **MACO's** shelf support available in the colours white, brown, black, light grey, lead grey (or just with nicked plate) so as to match with any finish in any furniture. Thanks to the metal pin and to the high-quality nylon housing, it's very strong and grants excellent stability. Very easy assembling: you just need to make a hole in line with the shelf and, once you insert it, the anti-tilt security system is granted by the plate which slides till locking any motion and the shelf can't move neither horizontally nor vertically. 0951 is the new shelf support with refined and minimal design which perfectly fits with the furniture offering the best functionality and practical use in complete safety.

0951

0951 è l'innovativo reggipiano di **MACO** disponibile nella finitura bianco, marrone, nero, grigio chiaro, grigio piombo (o con sola piastrina nichelata) per adattarsi alla tonalità di ogni mobile. Grazie al perno in metallo e alla carcassa in nylon di prima qualità, è molto robusto e di ottima tenuta. Facilissimo da montare: basta una semplice foratura in asse col ripiano e, una volta infilato, il sistema di sicurezza antiribaltamento è garantito dalla basetta che scorre fino a bloccare ogni movimento e il ripiano non si muoverà più né orizzontalmente né verticalmente. 0951 è il nuovo reggipiano dal design ricercato e minimalista che si integra perfettamente con il mobile offrendo la massima funzionalità e praticità d'uso in tutta sicurezza.
